

5th Dunstable ScoutGroup - Risk Assessment

Version	Produced By	Date	Content
1	Brian Calvert	28/02/2023	Base version

Leader lead night hike			Date of next review
Hazard/Risk	To Whom	Controls	Changes which need co
General Briefing	Party	Explain the object of the exercise. Emphasise the need to stay in their groups and not wander off. Local roads to be crossed at safe places only and to supervised by an adult. Charged mobile phones to be carried by adults.	
Not knowing who is at the event and therefore The possibility of losing someone	Party	General register to be taken before leaving the Church including adults Participants to be split into groups and recorded on the general register. Periodically group leaders to check on the number in their group	
Roads and Traffic – injuries from collision between vehicles and party members	Party	Roads to be crossed only at pedestrian crossings or in a safe space away from parked cars where crossings not available Leaders to ensure group or individual is attentive before crossing Leaders to be vigilant at all times during crossing When placing jumble into vehicles adults and Scouts to be mindful of the traffic situation - driver of the vehicle to turn off the engine and ensure the handbrake/parking brake is engaged before allowing any loading	
The group becomes unmanageable	Party	Leader to terminate that groups activity and return to the Church or return the disruptive scout back to the Church in one of the collecting cars - ensuring that required ratios are maintained	
Danger from House holder	Party	Scouts should not enter the property. If requested to do so to pick up Jumble they should call an adult Leader to be extra vigilant whist young person is at the doorway to the house	
Injury from weight of load	Party	Scouts to be instructed how to lift a box If the load is to heavy the scout is to call for an adult or split the load into smaller sections	

Considerations for Beavers			
Hazard/Risk	To Whom	Controls	Changes which need co

**Considerations for Cubs**

Hazard/Risk	To Whom	Controls						Changes which need co

**Considerations for Scouts**

Hazard/Risk	To Whom	Controls						Changes which need co
